REMARKS:

- 1 To maintain coil clearance from the sway bar, the coil seat **must** be installed with the helix facing away from the sway bar.
- 2 No top mounting bushes supplied, use OME3133. OE bushes may be re-used if in good condition.
- 3 Include tray weight in constant load calculation.
- 4 EL13XL will give approximately 22mm extra lift or increase loading capacity at design height by approximately 200kgs.
- 5 Strut Top Hat Kit may be required if original equipment is worn.
- 6 When remaining stock of N169 is exhausted no further product will be available.
