

Load Box Reinforcement Bracket Location

E390543

Item	Description
1	Load Box Reinforcement Brackets

These brackets have been developed by Ford to brace the floor to the wall of the load box to ensure durability performance of the load box is maintained with the installation of a Ford Licenced Accessory canopy.

Ford also makes these load box reinforcement brackets available as a Ford Licensed Accessories that can be purchased from any authorised Ford Dealer:

- Ranger (Excl. Raptor) Part Number: AMN1WJ27726AA / VN1WZ2627726A
- Ranger Raptor Part Number: AMN1WJ27726BA / VN1WZ2627726B

⚠ CAUTION: These reinforcement brackets have been designed specifically for Ford Licenced Accessory Canopies and their suitability for use with any aftermarket (non Ford Licenced Accessory) canopy will need to be determined by the aftermarket canopy manufacturer or supplier.

Responsibility for the appropriate use of these brackets in a vehicle which is modified by a body builder or with an alternate accessory manufacturer's products, remains with that party. It is the vehicle modifier's responsibility to ensure that the modification is carried out in such a way as to ensure that durability of the load box is maintained.

Contact your National Sales Agent or your local Ford Dealer for information on the supply and installation of the reinforcement brackets.

Canopy, Ladder Rack Canoe Rack

⚠ CAUTION: When a canopy, ladder rack, canoe rack or similar load box mounted accessory is fitted, a combination of the indicated mounting points on top of the load box must be used for suitable fixture to the vehicle. Load bearing and heavy vehicle accessories must use cross plane attachment points to ensure secure fitment.

Load bearing and heavy vehicle accessories must use cross plane attachment points to ensure secure fitment.
