# Installation Instructions

Tools, Fasteners & Hardware

1.1

## Tools & Items Required

4mm Allen Key
Small sized Star Screwdriver

1.3

## Hardware Required

Speaker / Safe box Left hand Side	1
Speaker / Safe box Left hand Side	1

1.2

## Fasteners Supplied

M6x25mm Button-Head Bolt	5
M6 Washer	5
M6 Spring Washers	5

## Installation Instructions

2

Remove the centre 3 thread caps with a star screwdriver

Centre 3 plastic thread covers

Only applicable for speaker installation

## Installation Instructions

---

3

If you are fitting speakers to your box, remove the rear side panel of the vehicle by carefully prying the panel away from the body until the clips releases.

Only applicable for speaker installation

## Installation Instructions

4.1

Locate the standard speaker plug and wire-in the speaker wires to the vehicle.

Feed the spade connectors through the perforation in the side panel.

Only applicable for speaker installation

## Installation Instructions

---

4.2

Connect the wires to the speaker inside the box and replace the vehicle panel by clicking the panel clips back into place.

## Installation Instructions

5

Open the speaker box lid using the push lock to locate the mounting holes inside.

**NOTE:** The shorter box has 2 mounting holes and the longer one has 3.

## Installation Instructions

6

Place the box on the wheel arch and connect the spade connectors between the car plug and the speaker box. Then line the holes in the box up with the holes in the vehicle below the window. Use the M6 button-head bolt, the spring washer and the flat washer to tighten the box onto the side of the car.

**NOTE:** The shorter box is designed for the right hand side of the car when looking in it's forward traveling position.

## **Review all instructions information carefully before installation.**

Any damages, direct or incidental to the installer and/or property due to incorrect installation of any parts are the responsibility of the installer. Due to the various applications and fitment options available, the responsibility lies with the user to ensure all mounting points are secure and tight before every trip.

If unsure, consult with your Distributor regarding the operations of our products.

Users are advised to be mindful of the load they are carrying and drive in accordance with road conditions.

## **WARNING**

Always wear appropriate PPE (Personal protection equipment) when fitting our products. Although the mounting kit is designed to be DIY, if you have any doubts or concerns, contact an accredited fitment centre to carry out the work.
